Short description

After my graduation at Realgymnasium Schlanders I moved to Vienna, where I worked as a waitress for 2 years. I decided to move back to beautiful South Tyrol, where I have been working as a sales assistant in a streetwear shop for the last 6 years. Now it is time for change and I am looking for new exciting challenges and experiences. I have always had a big interest in film productions and I would love to broaden my knowledge in this sector, specifically working as a location scout or in the cloak room.
