Short description

Thanks to my last projects I had the opportunity to gain broad experience (Bad Luck, production assistant; 13 Minutes, set dresser; Das kalte Herz, set decorator assistant; Landkrimi Südtirol, set decorator). My favorite job is Set Decorator. I was involved in the actual shooting, as well as preparation and planning. My strong points are: coordinating schedules and tasks, research, procuring props and items, preparing the stage, budget monitoring, driving and, generally, working a lot is no problem for me.
