Short description

I've worked for ten years in the media and tv industry between Milan and Bolzano.

As an assistant director I collaborated on the production of TV series, feature films and commercials.

As a production assistant I have worked for several milanese production companies including The Family, Filmmaster, Mercurio Cinematografica and H Films.

As a director and filmmaker I made fashion films, video clips and television shows for children.

My mother tongue is Italian, I speak a very good German (I achieved the bilingual certificate) and a good English too.
