- Durin oru holidays (November and May) we are able to open exclusively the hotel for the crew if it consits of a bigger group

The Hotel Bad Salomonsbrunn is situated in a very quite landscape and surrounded by nature, in the middle of the Antholzertal (Dolomites). The historical hotel was built in 1820, and it has been renovated and modernised. Unique are our health-improving baths in radon water, the spring „Bad Salomonsbrunn“ lies only a few steps from the hotel.

The restaurant offers a variety of culinary creations made from regional and local products. New flavours combined with classic cuisine will make your stay an enjoyable experience.
