### Short description

Hallo, after a babybreak, I have been working as a make-up artist in the film industry in South Tyrol again since 2024. As a make-up artist and often also as a hairstylist, I was able to gain my 20 years of experience mainly in Milan in a wide range of work such as: commercials, music videos, film, television, editorials, fashion shows, theater, and designers as well as make-up schools. I lived 17 years in Milan, 7 years in Montebelluna and since 2023 I am back in Dobbiaco.
