Short description

After my university studies, I worked as a camera operator for TV or as a camera assistant for short films or video clips. I went to work on the island of La Reunion where I had my first experience as a documentary writer and director. I then moved to Bolzano to train as a filmmaker at ZeLIG. Back in France, I received a professional training as assistant director. Since then, I've worked as first and second AD on short-films and recently as third AD on a TV serie produced for Arte.
