## Short description

Production Company Camera and Editing, Documentary, Advertising-, Industrial and Image Film, TV Productions

F-TECH Production is a young creative South Tyrolean Video Production.

Coming from the action and fun sports sector, it is best described as alternative, very resilient and extremely versatile.

F-TECH develops and produces films both independently and as co-producer.

Furthermore F-TECH Production is specialized in aerial filming for web, sports and commercials and is E.N.A.C. certified, thus officially registered as a company that is allowed to use multicopters / drones for commercial purposes.
