Short description

I'm a freelancer Make-up Artist with additional skills as a Nail Artist.

After working as an employee in the beauty business for a couple of years I decided to open my own beauty salon "Art of Beauty", in 2011. I currently work there together with several employees as a beautician and make-up artist. My strong points are naildesign, eyelash extensions, and image/color consulting. In addition, I work as a make-up artist for brides, events & shootings. In 2016 I graduated from the make-up artist academy AOFM (Academy of Freelance Makeup) in London. In Februar 2017 I got an assitant job at the London Fashionweek.

You can find my portfolio on my website
