Salten larch meadows

Description

The plateau Salten/Salto stretches the area from San Genesio/Jenesien to Avelengo/Hafling and separates the Val Sarentino/Sarntal valley from the Val d'Adige/Etschtal valley. There is a particular landscape shaped by men, the biggest European larch meadows area. Larches are resistant to cold and drought and are characterized by different colours according to the season.

Address

Hochplateau Salten / Altopiano del Salto
Jenesien / San Genesio

Categories: Mountains, forests, plateau

Setting: rural
